RE: Cincinnati Bell Wireless LLC's DTV Consumer Education Quarterly Report, MB  
Docket No. 07-148

Dear Ms. Dortch:

Cincinnati Bell Wireless LLC ("CBW") hereby reports to the Commission its actions regarding education efforts about the transition from analog broadcast television service to digital broadcast television ("DTV") as required by Section 27.20 of the Commission's rules, 47 C.F.R. § 27.20. This report covers the period from October 1, 2008 through December 31, 2008. CBW inadvertently failed to file the report on January 12, 2009.

CBW has two licenses in the 700 MHz band with associated call signs of WQZI531 and WQZI532. CBW began a DTV consumer education initiative targeted to its customer base in August 2008. Since its quarterly report filed on October 10, 2008, CBW has continued to post information about the DTV transition on its website, which includes links to sources for additional information about the transition and the converter box program. The website information is provided at Attachment A.

Any questions regarding this quarterly report should be directed to me at (513) 397-7260.

Sincerely,

A handwritten signature in cursive script that reads "Jouett K. Brenzel".

Jouett K. Brenzel  
Corporate Counsel

## Digital TV Transition

After February 17, 2009, a television receiver with only an analog broadcast tuner will require a converter box to receive full power over-the-air broadcasts with an antenna because of the Nation's transition to digital broadcasting. Analog-only TVs should continue to work as before to receive low power, Class A or translator television stations and with cable and satellite TV services, gaming consoles, VCRs, DVD players, and similar products. Information about the DTV transition is available from [www.DTV.gov](http://www.DTV.gov), and from [www.dtv2009.gov](http://www.dtv2009.gov) or 1-888-DTV-2009 for information about subsidized coupons for digital-to-analog converter boxes.
